# About Us

Established in 2002 and registered with the Afghanistan Investment Support Agency (AISA), King Builders is a leading construction and logistics company with over two decades of proven performance in Afghanistan and the region.

We specialize in:

**Construction** – buildings, bridges, road construction, and related works

**Logistics & Transportation** – nationwide and cross-border services

**Fuel Solutions** – distribution, storage, and supply

**Agriculture Support** – fertilizer (DEP/URIA) and related services

With operations in Afghanistan, Uzbekistan, Tajikistan, Turkmenistan, and Dubai, we combine international expertise with local knowledge to deliver sustainable, cost-effective, and technically sound solutions.

Our success is built on strong project management, risk evaluation, and client-focused execution. We proudly serve municipal governments, corporations, and private clients, maintaining full operational capacity across Afghanistan and beyond.

Reputation, transparency, and trust are at the core of King Builders. By tailoring solutions to client needs, we consistently deliver high-quality results and long-term value.

# Logistic Service

---

At King Builders International Company (KBIC), our logistics division plays a vital role in ensuring seamless project execution across Afghanistan and beyond. We specialize in delivering reliable, efficient, and safe logistics solutions that support construction, fuel storage, and transportation operations.

With years of field experience and a network of trusted partners, we provide end-to-end logistics management — from planning and procurement to on-site delivery and distribution. Our commitment to timely, secure, and cost-effective transportation ensures that every project runs smoothly, no matter how complex or remote the location.

We operate with the highest safety and quality standards, supported by a professional team and a modern fleet. Whether it's heavy equipment transport, fuel delivery, or material supply, King Builders guarantees precision, accountability, and trust in every move we make.

## Key Logistics Services Include:

- Heavy equipment and construction material transportation
- Fuel and oil distribution and storage solutions
- Supply chain management and route planning
- Warehouse and inventory control
- Remote site delivery and support operations

# Construction Service

King Builder Logistics Construction has been a trusted contractor for road construction for many years. From road resurfacing to underpasses and culverts, we are specialists in infrastructure development. Using the latest technology and well-trained engineers, we have the expertise to provide a complete road construction package focused on both design and functionality.

- **Bridge Construction**

We have extensive bridge restoration and refurbishing experience and can provide a first-rate service for major projects throughout Afghanistan. Our knowledge and facilities enable us to provide a comprehensive range of rehabilitation services to maintain and preserve all types of bridges, ensuring that they continue to work safely and reliably in the long-term. Our experience as a major bridge builder enables us to diagnose and tackle problems effectively and efficiently, delivering the right rehabilitation solution for every bridge project.

- **Road Construction**

For many years, King Builders has been a reliable road building contractor. We are experts in infrastructure development, ranging from road resurfacing to underpasses and culverts. We have the capability to deliver a complete road building package that focuses on both design and functionality, using the most up-to-date technology and well-trained experts.

# Fuel Storage Services

---

King Builders International Company (KBIC) provides custom-built fuel tanks and storage facilities designed to meet the highest safety, environmental, and operational standards.

## **Our fuel storage systems are:**

Reliable & Secure – engineered to ensure safety and durability.

Equipped with Modern Monitoring Systems – offering real-time control and efficiency.

Customizable to Client Requirements – tailored to meet the specific needs of each project and operation.

Currently, King Builders manages over 17,000 tons of fuel storage capacity in Kabul Industrial Parks (Dispatch Area) and an additional 5,000 tons at Kabul International Airport, under Arrow Petroleum, both operated as part of the Shahjahan Group.

With a strong commitment to safety and performance, we ensure uninterrupted, efficient, and compliant fuel management solutions for our clients across Afghanistan.

# Fuel Delivery Services

---

At King Builders International Company (KBIC), we provide reliable and efficient fuel delivery solutions designed to keep your operations running smoothly – wherever you are. Our modern fleet and professional team ensure safe, timely, and compliant delivery of fuel to construction sites, industrial facilities, logistics hubs, and remote locations across Afghanistan.

We understand the importance of consistent energy supply. That's why our fuel delivery systems are built around precision, safety, and accountability – supported by real-time tracking, quality assurance, and responsive customer service.

Whether you need bulk fuel supply, on-site refueling, or emergency delivery, King Builders guarantees dependable service with zero downtime and maximum efficiency.

## **Our Fuel Delivery Services Include:**

- Bulk and on-site fuel delivery
- 7/24 fuel supply for construction and logistics operations
- GPS-tracked delivery fleet for transparency and accuracy
- Quality-controlled fuel monitoring and reporting
- Emergency and remote-area fuel support
